Dear Fellow Base Realignment and Closure Cleanup Team Members:

**SUBJECT: DELIVERY OF THE FINAL FACT SHEET, FORMER MARINE  
CORPS AIR STATION EL TORO, IRP SITES 3 AND 5 CLOSURE  
OF INACTIVE LANDFILLS**

Submitted for your use is the Final Fact Sheet, Former Marine Corps Air Station (MCAS) El Toro, Installation Restoration Program (IRP) Sites 3 and 5 Closure of Inactive Landfills (Enclosure 1). The Draft Final Fact Sheet was issued in March 2009 for your review. The California Department of Toxic Substances Control (DTSC) and California Regional Water Quality Control Board, Santa Ana Region (RWQCB) submitted "no further comment" e-mails in April 2009. The U.S. Environmental Protection Agency (U.S. EPA) submitted an "approval" e-mail in June 2009. Minor text changes were made and the document was submitted to the regulators for a final check in August 2009. The regulators approved the final version of the Fact Sheet prior to it being issued to the recipients on the MCAS El Toro mailing list.

Ser BPMOW.mps/0549

**AUG 13 2009**

The Final Fact Sheet is intended to update the community on the upcoming capping of the landfills at Sites 3 and 5; it provides a summary of the selected remedy and components of the landfill cover system. The Final Fact Sheet also includes a section on sustainability concepts implemented as part of the design as well as a list of non-significant changes made to the design approach presented in the Final Record of Decision.

Thank you for your continued support in this program. Should you have questions or need additional information, please contact Mr. Marc Smits, Remedial Project Manager, at (619) 532-0793.

Sincerely,

JAMES T. CALLIAN  
BRAC Environmental Coordinator  
By direction of the Director
